

Cargoscooter

Power: 2200 watt

Max speed: 45-55kmph(28-33mph)

Range: 60-70km(43m)

Climbing ability: 12degree(=21%)-zero start

Japanese technology motor and controller(warranty: 12months)

Taiwan technology battery and charger(warranty: 8, 10 months)

Lithium battery with BMS available (48v,30ah)

Max speed: 45-55kmph(28-33mph)

Range: 65-80km(48m)

Dimension:	1860(L)x695(W)x1130mm(H)
Wheelbase:	1285mm
G.W:	156KGS
N.W:	136KGS
Tire specification (Front/rear):	3.5-10"
Tire pressure:	175kpa
Shock absorption system:	Hydraulic pressure damp (Front) Spring (Rear) adjustable
Brake system:	Disc brake(F) Disc brake(R)
Electric motor power:	2200W
Electric motor voltage:	48V
Electric motor type:	Brushless motor
Controller voltage:	43-56v
Controller power:	2200w
Controller type:	48V 30/55A Brushless motor
Battery:	Silicon battery 48V46AH
Charger input voltage:	AC220 50HZ/AC110V 50HZ
Charger output voltage:	60V
Charging time:	6- 7 hours
Drive manner:	Rear wheel drive
Top speed:	45(EU),55km/h (power button)
Distance (one full charging):	60-70KM
